

IIED CENTRE, NIT SRINAGAR

FIVE -DAY WORKSHOP ON PROJECT PLANNING & CONTROL WITH PRIMAVERA

**ORGANIZED BY THE IIED CENTRE IN ASSOCIATION WITH VAANAHA
EDUCATION AND INNOVATION LABS.**

(For Civil & Chemical Engineering students only)

The IIED Centre in association with “Vaanahaa”, a Kolkata based professional organization, is conducting a 5-day workshop on Project Planning & Control with Primavera, tentatively in the second week of July. The aim of the workshop is to improve student’s employability and skill for the demand of today’s industry.

Vaanahaa education and innovation lab, is a comprehensive Education Platform providing a collaborative learning environment, promoting education, training and research focused on capacity building of students through hands-on learning. Vaanahaa runs a variety of educational and workshop programs to solve highly complex problems which require graduates to possess skills like collaboration, critical thinking, understanding customer requirements, adopting newer technologies, solving multi-disciplinary problems and creativity.

The first three days of the workshop would be taken by the faculty members of the Institute and experts from the field and Industry followed by two-day rigorous training on Primavera by the experts from Vaanahaa. During first three days following topic would be covered:

1. Introduction to Project management
2. Work breakdown structure
3. Construction of Network diagrams.
4. Basic Scheduling
5. Time cost trade-off
6. Resource allocation and resource smoothing
7. Solving practical problems.

Civil and Chemical engineering students, interested to undertake the workshop may kindly contact the IIED Centre for registration.

Maximum No. of seats available =80 (First come first serve basis)

Course fee: Rs. 1000 only. Last date of Registration: 1st July 2018

Regards

Head, IIED Centre
