

**NATIONAL INSTITUTE OF TECHNOLOGY
SRINAGAR**

Innovation, Incubation & Entrepreneurship Development Centre

No.: - IIEDC/ **15/2018** ①
Dated: - May 14, 2018

NOTICE

IIED Center in collaboration with Skill-IT Nation is going to organize a 2-day workshop on Data Analytics. Data Analytics is the generalize term for qualitative & quantitative techniques and processes used to enhance productivity and profit. The target is to understand and analyse the pattern and behaviour of data with the extraction of data. The skills needed to be a Business Analyst, Data Analyst, or Data Scientist are all about to be in real demand and here with this workshop will give a head start.

For this workshop prior programming experience is not required. Students are requested to bring their laptop (for a group of 3), notebook & smart phone with internet connection. Participation certificates will be provided to each participant and students for qualify zonal round of Skill-Thon will be eligible for merit certificates.
